

luaF_newLclosure

```
graph LR; A[luaF_newLclosure] --> B[luaC_newobj]; B --> C[luaC_newobjdt];
```

A flowchart illustrating a sequence of three Lua functions. The first function, 'luaF_newLclosure', is highlighted with a gray background. A blue arrow points from it to the second function, 'luaC_newobj', which has a white background. Another blue arrow points from the second function to the third function, 'luaC_newobjdt', also with a white background. All three functions are enclosed in rectangular boxes with black borders.

luaC_newobj
