

`IList< T >`

`IBindableVector`

`WinUIGallery.TestBindable
Vector< T >`

```
graph BT; A[WinUIGallery.TestBindableVector<T>] --> B[IList<T>]; A --> C[IBindableVector];
```

The diagram illustrates a class hierarchy. At the bottom is a gray box representing the base class `WinUIGallery.TestBindableVector< T >`. Two blue arrows point upwards from this box to two white boxes above it. The left white box contains `IList< T >` and the right white box contains `IBindableVector`, indicating that the base class inherits from both interfaces.
